  7. **Infer:** What structure do people build to cross deep rivers or valleys?
  8. Make a table with three sections and label the sections as: **States, Countries, Continents**. List these geographic places in the correct sections of the table:  
*Mississippi, Mexico, Texas, Ohio, Asia, Iowa, Europe, North America, the United States, Colorado, Canada.*

## Geography Week 13

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Name the state and its capital that share the longest border with Nevada. (p. 56)
  2. If you are facing the North Pole, is the direction east to your left or to your right? (p. 26, 27)
  3. What state is west of the Mississippi River and south of Missouri? (p. 56, 57)
  4. What continent is just to the north of Libya?  
(p. 159)
  5. What is a large land area that receives very little rainfall called? (p. 20)
  6. Name the capital of Maine. (p. 57)
  7. If one inch on a map equals 100 miles, how many inches would it take to show 500 miles?
  8. What is the symbol on a map for petroleum (oil) producing states? (p. 49)

## Geography Week 14

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Which of the seven continents has the largest land area? (use back cover of your atlas)
  2. Which country is larger in area, the United States or Canada? (inside back cover of your atlas)
  3. Which continent is to the north of South America? (p. 24, 25)
  4. What state is just east of Connecticut? (p. 56, 57)
  5. I am a continent. The equator crosses through a group of islands just to my north. Which continent am I? (p. 24, 25)
  6. Which color would you use to show flat land on a map: green, blue, or brown? (p. 52, 53)
  7. What is the capital of Wyoming? (p. 56, 57)
  8. Is there more land area in the Northern Hemisphere or the Southern Hemisphere? (p. 26, 27)

## Geography Week 15

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Does California, Alabama, or Ohio share a border with Mexico? (p. 56, 57)
  2. Which color is used to show mountains on a map: dark brown, green, or blue? (p. 52, 53)
  3. Which distance is farther, California to Utah or California to Colorado? (p. 56, 57)
  4. The countries of Poland and Portugal are located on the continent of \_\_\_\_\_. (p. 26, 27)
  5. What river is part of the southern border of Washington? (p. 56, 57)
  6. In which direction would you have to travel if you lived in Ohio, and you wanted to visit your aunt in Illinois? (p. 56, 57)
  7. Which large South American country is crossed by the equator? (p. 142, 143)
  8. Write the continent and hemisphere for each of the following countries: Argentina, Nigeria, India. (p. 26, 27)  
(Remember there are four hemispheres: the Northern Hemisphere, the Southern Hemisphere, the Eastern Hemisphere, and the Western Hemisphere. Each of these countries will be in two hemispheres.)

# Geography Week 16

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Which state capital has three words in its name? (p. 56-57)
  2. Using the Economic Activities Map on page 47, what color would you use to show an agricultural region on a map?
  3. How many U.S. states touch the Pacific Ocean? (p. 56-57)

  6. Is building a canal, heating a house, or digging a tunnel an example of how people adapt to different climates on Earth? (inference)
  7. Is China in the Northern or the Southern Hemisphere? (26 + 27 and 15)
  8. In what region of the United States is Colorado located in? (60)

# Geography Week 18

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Which river forms the southern borders of Ohio and Indiana? P. 57
  2. What state borders Tennessee to the east? P. 57
  3. Does China or India have a greater population? Inside back cover.
  4. Which state is larger in land area, Idaho or Ohio? P. 57
  5. Which ocean is located off the east coast of the United States? P. 57
  6. Is Iowa, Indianapolis, or Annapolis a state? P. 57
  7. Name the three states that touch where the Ohio River joins the Mississippi River. P. 57
  8. Name all of Colorado's neighbors. List the states according to the cardinal and intermediate directions. **You do not need to write a complete sentence.** P. 56

## Ex. Colorado's neighbors:

North: Wyoming	Northeast:	
South:	Southeast:	
Southwest:	West:	East:

# Geography Week 19

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Name the country that is also a continent located in the Southern Hemisphere. (p. 27)
  2. What is the capital of Kentucky? (P. 57)
  3. Is Hawaii or Florida farther south? How can you tell? (p. 26)
  4. Which animal is found closer to the equator, the llama in northern Peru in South America or the panda in central China in Asia? (p. 26, 27)
  5. Name the five Great Lakes. (p. 57)
  6. What is the name of the state that borders Kansas to the west and has many high mountains? (p. 56, 57)
  7. Name the river that forms the border between Arizona and California. (p. 56)
  8. Is Colorado larger or smaller than Rhode Island? (p. 56, 57)

# Geography Week 20

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. Which lake is larger, Superior or Erie? P. 56-57
  2. Which state stretches farther north, Louisiana or New Mexico? P. 56-57
  3. What mountain range is to the east of the Mississippi River and runs from the St. Lawrence River in Canada to the state of Georgia? P. 52+53
  4. Which oceans do not touch Australia? P. 26-27
  5. What symbol is used to show a city that is not a capital city on a map? P. 17
  6. Which country has a larger land area, Russia or China? Look on the back cover of your Atlas.
  7. The large bay in northern Canada is called \_\_\_\_\_ . P. 44-45
  8. A peninsula is a piece of land that is surrounded by water on three sides. Name a peninsula in the United States. P. 56-57

# Geography Week 21

- Head a lined piece of paper to answer the questions.
  - Use your atlas to find all answers.
  - Restate the question in your answer.
  - Use complete sentences for all answers.
  - Staple this paper to the back of your answers.
1. What does a circle with a black star on a map key mean (using your atlas)? (ex. on 105)
  2. Name all of the Great Lakes that touch Michigan. (81)
  3. What city is located on the Hudson River and is also the capital of New York? (63)
  4. What state borders both the Gulf of Mexico and the Atlantic Ocean? (56+57)
  5. Which continent is to the south of Italy and Greece? (27 or 159)
  6. If you wanted to make the shortest trip from Dallas, Texas, to Los Angeles, California which states would you pass through? (56+57)
  7. Carson City is the capital of what state? (56)
  8. Follow these directions to the mystery state and its capital. Begin in Missouri. Move one state to the west and two states to the south. Then move one state to the northeast. Name the mystery state and its capital.

# Geography Week 22

- Head a lined piece of paper to answer the questions.
- Use your atlas to find all answers.
- Restate the question in your answer.
- Use complete sentences for all answers.
- Staple this paper to the back of your answers.

1. The city of \_\_\_\_\_ is the capital of Nebraska. P. 56-57
2. Which is not a state: Missouri, Ohio, or Chicago? P. 56-57
3. A blue line on a map is the symbol for a \_\_\_\_\_. P. 17
